

## 01 45 29 – Testing Laboratory Services

### 1. Concrete Testing Services

- A. Testing services for concrete are to be paid for by the Owner and conducted by an independent testing laboratory selected by the Owner. Laboratory-cured test specimens and field-cured specimens shall be used to confirm the quality of the concrete material. A list shall be included of the type, quantity and frequency of tests.

### 2. Structural Steel Testing Services

- A. Testing for erection of structural steel shall be performed by an independent testing laboratory selected and paid for by the Owner. Corrections required shall be at the expense of the Contractor.
