

01 52 19 – Sanitary Facilities

1. General

- A. Contractor will provide on the premises, where directed by the Project Office, suitable temporary toilets and enclosure for use by all workmen on the job. Maintain same in sanitary condition acceptable to the Owner and local health authorities and remove same and all its contents when directed by the Architect.
- B. With the permission of Duke University, the Contractor may utilize the (insert type) rest room located (insert location). If the Contractor fails to maintain this facility in a condition which is satisfactory to the Owner, the privilege of the use of this facility will be revoked.
- C. This specification section can be rewritten due to specific or extraordinary field conditions.
