

04 21 13 – Brick

1. General

- A. “Duke” Brick was fabricated by Cloud Ceramics of Concordia, KS and is a three color blend of “Brown Tweed” (30%), “Cimarron” (45%) and “Black Diamond” (25%). Duke Brick is wire-cut and flashed (“velour” finish). Availability of Duke Brick shall be verified as early in the project design process as possible. A sample panel shall be provided for each project. Brick shall be compatible with adjacent building brick design, with respect to color range, size, shapes, coursing, bonding and texture.
- B. See Appendix **A042113** for additional information.
